

DATA SHEET

Presenting author:

Title: Prof / Dr / Mrs / Ms / Mr

First name(s):

Family name:

Affiliation:

Address:

street & no

city

postal code

state / country

Phone:

Fax:

e-mail:

Preferred way of presentation (please underline one): ORAL / POSTER

Keywords (please give 3-6 keywords):

Remarks:

CENTER THE ABSTRACT TITLE IN 12-POINT BOLD TYPE AND ALL CAPS

A.B. Black¹, C. Cherny², D. Fekete¹, E.F. Schwartz^{3*}
¹Oxford University, UK; ²Russian Academy of Science, Russia; ³Acorp Inc., Germany
abstract.corresponding-author@auni.edu

All abstracts must be formatted using either the template provided or according to the following guidelines and must be submitted via the electronic submission form.

1. The abstract is to be written in English and **limited to two pages**.
2. Use Times New Roman for all text. 10-point font size and single line spacing should be used everywhere except for the title.
3. All margins, left, right, top, and bottom, should be set at 2.54 cm (1 inch) each. Do not use page numbers.
4. Please submit your abstract in Microsoft Word format (.doc file).

The document must include the following items only in this order: Abstract Title, Authors, Affiliations, and Abstract main text. Optional items are the acknowledgement and references.

1. The abstract title is to be in upper case, bold and centered. The abstract title should be as concise as possible.
2. Add a blank line before the author list. List authors' names using initials of the first names followed by the last names in full. Separate authors by commas. Center the author list and put an * after the corresponding author.
3. Affiliations follow on the next line without a blank line. For each affiliation, include the name of the organization, institute or department and country. Do not include full street addresses. Affiliations are to be italicised. If there are multiple affiliations use superscript numbers as a key to affiliate names to organizations.
4. The corresponding author's email address should be included on the next line and should be italicised and underlined. Abstracts will be printed in the abstract book as submitted.

Leave a blank line before the main abstract text. Do **not** type "abstract" at the start of the main text. Justify paragraphs and indent the first line. Inclusion of embedded figures is accepted. Figures must be of good quality and high resolution. Figures are to be embedded in the main text file.

Acknowledgement:

References

All publications cited in the text should be presented in a list of references following the text of the manuscript. In the text refer to references by a number in square brackets on the line (e.g. Since Qamber [1]), and the full reference should be given in a numerical list at the end of the paper.

References should be given in the following form:

[1] Qamber IS: Flow graph development method. *Microelectron Reliab* **33**, 1387-1395(1993)

[2] Miyata K, Zama T, Yahagi K, Omoto A: Accident management for BWR in Japan. *In: Proc 3rd Int Conf on Nucl Eng (ICONE-3)*. Kyoto, 1995, pp. 1259-1264.

[4] Nagode M: Experiment design for operating strength. M.Sc. Thesis, University of Ljubljana, Ljubljana, 1994.
